**Subject:** Comments on Candidates for EPA's Clean Air Scientific Advisory Committee

Administrator Pruitt,

Please find the attached letter from the Association of Air Pollution Control Agencies (AAPCA) on the [list of candidates](#) under consideration for appointment to U.S. EPA's Clean Air Scientific Advisory Committee (CASAC). The letter encourages U.S. EPA to select state air agency experts for the chartered CASAC as well as future review panels. It also discusses Clean Air Act requirements for membership and scope of advice (including advice on adverse health, welfare, social, economic, or energy effects related to National Ambient Air Quality Standards), the value of geographically and

scientifically diverse viewpoints, and your opportunity, as the appointing authority, to determine appointment and terms for federal advisory committee members in accordance with 41 CFR 102-3.130.

Thank you for the opportunity to provide feedback on these qualified candidates for CASAC, and please do not hesitate to contact us with any additional questions.
